

This is an aerial photograph of a residential neighborhood, overlaid with a cadastral map. A large area is enclosed by a thick blue line, representing a specific land parcel. Within this blue boundary, a smaller area is outlined in red, indicating a sub-parcel. The map is populated with numerous lot numbers, many of which are preceded by a colon (e.g., :67, :54, :32, :50, :65, :295, :61, :49, :287, :57, :63, :34, :298, :59, :66, :68, :44, :91, :42, :286, :41, :289, :43, :64, :31, :288 (2), :36, :55, :51, :46, :65257, :8, :33, :7140, :48, :172 (2), :53, :284, :101, :5, :87038, :293, :292, :30, :294, :39, :63, :35, :1269, :58, :63588, :69, :45, :285 (2), :52, :70, :89, :40). Several lots are labeled with 'H' followed by a letter (H1V, H2V, H3V, H4V, H5V, H6V). A central white box contains the text '47:07:0717010'. In the top left corner, there is a north arrow pointing upwards, labeled with 'C' and 'O'. The surrounding area shows various residential buildings, green spaces, and roads.

Условные обозначения

- Характерная точка границы земельного участка, сведения о которой отсутствуют в ЕГРН, местоположение которой определено при кадастровых работах (новая характерная точка)
- Характерная точка контура здания, сооружения, объекта незавершенного строительства
- Исправляемый земельный участок

Схема границ земельных участков

:101

- Уточняемое здание

- Часть контура, образованного проекцией вновь образованного наземного конструктивного элемента здания, сооружения, объекта незавершенного строительства
